Each American Job Center is unique and offers an array of services based on local workforce conditions and available resources (see inset for examples). What can HVRP grantees do to ensure successful implementation?

- Partner with AJCs to properly enroll all participants;
- Ensure a staff member is present during the enrollment process to facilitate accurate reporting and strong working relationships;
- Invite local AJC staff to share information on their services and encourage AJC staff to learn about your services; and
- Ensure new staff members are full trained on AJC services and enrollment requirements.

required to enroll all participants in the public workforces system through the local AJC. Enrollment occurs when the HVRP participant receives a Wagner-Peyser Act-funded employment service (ES); a Jobs for Veterans State Grants (JVSG)-funded Disabled Veterans' Outreach Program Specialist (DVOP) service; or another Workforce Innovation and Opportunity Act (WIOA) Title I-funded service. Enrollment with the AJC provides homeless veterans access to additional resources including training opportunities, supportive services, state vocational rehabilitation, integrated case management and connection to employers and employment opportunities through the Local Veterans' Employment Representative (LVER). Enrollment at the AJC also benefits HVRP grantees, AJC staff, and the

Department of Labor (DOL). Leveraging resources across programs will create a more integrated approach to helping homeless veterans and improve employment outcomes.
